Publishing Validation of Certificate Issuing for Transition

OASIS has been updated to reflect the IAQG Information Concerning Changes to Supplemental Rule 003 dated May 17, 2018.

This change allows AQMS certifications that have started the transition process to the 9100 series of AQMS standards that are based on ISO 9001:2015, with an on-site audit started before September 15, 2018, to continue through to the certification decision and publication of the AQMS certification on the OASIS database providing the transition is completed by March 15, 2019.

Note : The previous rules for certificates restoration and withdrawn certificates, are still applicable
