Subject : Enable Transfer of NCRs

Enable Transfer of NCRs

When transferring a client where the previous CB was unable to close any NCRs issued on their last audit, CBs are required to close those NCRs (ref. 9104-001 clause 8.8 b) and IAF MD 2 clause 2.2.2 and 2.3.1 (i).

In the above situation, the new CB shall re-enter the NCRs in the transfer audit using the original NCRs number followed by the word “(Duplicate)” and close them after verification.
